

OLOWU FAWAS ADEYEMI

Hardware Engineer & Frontend Developer

Ikorodu, Lagos | 08124932849 | fawasadeyemi05@gmail.com

linkedin.com/in/sawy01 | github.com/sawy01

CAREER OBJECTIVE

To leverage my strong foundation in hardware engineering and growing frontend web development skills to contribute to innovative, user-focused projects. I seek a dynamic environment where I can apply my technical knowledge, continue expanding my expertise in modern web technologies, and deliver real-world solutions that bridge the gap between hardware and software.

PROFESSIONAL SUMMARY

Technically-driven professional with a strong background in hardware engineering and a growing expertise in frontend web development. Proficient in HTML5, CSS3, and digital design, with a proven ability to troubleshoot complex systems and deliver user-focused solutions. Adept at combining analytical problem-solving with creative design thinking to build responsive, accessible digital experiences.

WORK EXPERIENCE

Phone Repair Engineer

2020 – Present

Self-Employed

- Diagnose and repair smartphones, tablets, and electronic devices at component level, maintaining a high first-time fix rate.
- Utilise advanced diagnostic tools to identify hardware faults and implement cost-effective repair solutions.
- Manage customer relationships, delivering clear technical explanations and outstanding after-service support.
- Resolve complex circuit and software issues, consistently reducing device downtime for clients.

Teacher

2021 – 2024

Elohivine College

- Planned and delivered engaging lessons aligned with curriculum objectives, fostering a positive and inclusive learning environment.
- Assessed student performance, providing constructive feedback that improved academic outcomes.
- Incorporated technology into teaching methodologies, enhancing student engagement and comprehension.
- Collaborated with colleagues to develop instructional materials and implement best practices.

PROJECTS

LASUSU Legal Director ADR Certificate Portal

Tech Stack: HTML5, CSS3, JavaScript | sawy01.github.io/adr-certificate

- Designed and developed a professional certificate portal for the LASU Students' Union Legal Directorate.
- Implemented responsive design principles to ensure seamless use across mobile and desktop devices.
- Delivered a complete, production-ready web application from initial design through to deployment.

Frontend Mentor — WeCode QR Code Component

Tech Stack: HTML5, CSS3 | sawy01.github.io/frontend-learning/.../qr-code

- Built a pixel-perfect UI component from a professional design challenge, demonstrating attention to detail and CSS precision.
- Applied Flexbox layout techniques for clean, responsive component alignment.

CORE SKILLS

Software & Web Development

- HTML5, CSS3 (Flexbox / Grid), Responsive Design, JavaScript (Fundamentals)

Design Tools

- Canva, Pixellab, Graphic Layout & Visual Communication

Hardware Engineering

- Component-level repair, Circuit troubleshooting, Diagnostic tools, Device refurbishment

EDUCATION

B.Sc. Educational Technology

Expected: 2028

Lagos State University (LASU), Lagos, Nigeria

- Developing expertise in the integration of technology with education, complementing practical technical and frontend development skills.
